

# REFURBS

M&W Fire Apparatus takes refurbishing your apparatus seriously - we don't quote or estimate over the telephone or from pictures. We come to your station and hands on, go over the apparatus with you. After reviewing the scope of work, we provide cost alternatives and a detailed proposal so you can get the best value for your department dollars.

As a manufacturer of fire apparatus and emergency vehicles, M&W Fire Apparatus has the knowledge, experience, materials and facilities to properly refurbish your apparatus.

And when we refurbish your apparatus, we only use trusted suppliers and components.

**Call today (800) 409-2508 to talk with one of our sales engineers and schedule an appointment at your station.**

Refurbishments typically consist of some or all of the following:

- Rechassis
- Engine, Transmission, Drivetrain & Suspension
